2021-2022 School Accountability Report Card  
(Published During the 2022-2023 School Year)

# General Information about the School Accountability Report Card (SARC)

## SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

## California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

## Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

### COLUMBIA UNION SCHOOL DISTRICT MISSION STATEMENT

Columbia Elementary School District is a learning community of students, staff, and parents. Each day, we strive to work collaboratively to ensure that every student grows- academically, socially, and emotionally. Excellence begins here!

### COLUMBIA ELEMENTARY SCHOOL INFORMATION

Columbia Elementary School and Columbia Union School District is the home to approximately 435 students in grades TK-8, 28 teachers, and many more support staff. Our district serves students in and around the historic gold rush community of Columbia, California. Our school offers programs that support the whole student through a full-time music teacher, a full-time counselor, and opportunities for students to increased participation in visual arts, drama, and science programs. We also partner with community organizations to support our goals.

## A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

## 2020-21 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)						
Intern Credential Holders Properly Assigned						
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)						
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)						
Unknown						
<b>Total Teaching Positions</b>						

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

### School Facility Conditions and Planned Improvements

Columbia Elementary school has very good facilities. Our maintenance and operations staff takes pride in maintaining facilities that are clean, safe, and regularly updated. The majority of classrooms have been constructed or updated within the last 12 years. Our lighting systems throughout the campus have been updated with Proposition 39 funds. Our HVAC systems have been updated in many rooms in the older part of the campus thanks to Proposition 39 funds as well. We have a well maintained facility that serves as a community hub.

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	N/A		N/A		N/A	
<b>Mathematics</b> (grades 3-8 and 11)	N/A		N/A		N/A	

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2022-23 Opportunities for Parental Involvement

Parents are partners in the education of our students. Parents can be involved as members of the Parent-Teacher Organization (PTO) or as representatives to school governance organizations such as School Site Council. Parent-teacher conferences are held in the fall and spring of each school year to discuss individual student progress. Furthermore, our school counselor conducts Student-progress meetings in response to intervention collaborations in the fall and spring of each school year. Data from these meetings drives further instruction and scheduling for Student Study Team (SST) meetings.

The school historically held several parent information and involvement nights throughout the school year. In the past, topics during these nights have included school safety, internet safety, History Night, Family Science Night, and nights for general family activities such as family movie night or family dance night.

Parent outreach has been through ParentSquare, a web-based application, and information on the district's website, which is continuously being updated. Parents also receive school newsletters, classroom newsletters, and general announcements that provide parents/guardians with information about our school.

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

## 2022-23 School Safety Plan

The Columbia Union School District maintains a District-wide Comprehensive Safety Plan and NIM/SEMS (National Incident Management) Plan. The district has a School Site Crisis Team which meets as needed and a Safety Committee that meets monthly. The Safety Committee reviews safety plans annually and makes revisions as needed. The Governing Board annually reviews and has an opportunity to make changes to the district-wide Comprehensive Safety Plan at the February Board Meeting.

Each year the staff is required to complete safety training. School staff is trained through the Self-Insured Schools of California (SISC). Training is provided through self-guided, internet-based programming. Training includes Blood-borne Pathogen, Mandated Reporting, Pesticide Application, Sexual Harassment, Sex trafficking, Injury and Illness Prevention Program, COVID-19 Awareness and training, and Heat Illness Prevention training to all staff via [www.getsaftytrained.com](http://www.getsaftytrained.com). Staff is required to complete this coursework by the final working day of September in each school year. Columbia Elementary School Staff works in partnership with the local Sherriff's department to complete staff ALICE (Alert - Lockdown - Inform - Counter - Evacuate) training each year. The district also provides annual CPR and first aid training certification courses for staff.

Columbia students participate in a yearly bus evacuation drill, monthly fire drills, an annual lockdown/intruder drill, and an earthquake drill as part of the Great California Shakeout in October. The school district partners with county first responders to support appropriate county-wide safety drills and events. As available, the school also trains staff and students in student ALICE (Alert - Lockdown - Inform - Counter - Evacuate) training.

## 2021-22 Types of Services Funded

During the 2021-2022 school year, Columbia Elementary School offered services and programming to fulfill educational requirements for students, and to extend learning to the extent possible, given some of the continued restrictions of the pandemic.

During the 2021-2022 school year, Columbia Elementary School continued to offer extended math and reading instruction, character education, positive behavioral instruction and supports, Social Emotional Learning and wellness supports, and a full-time school counselor. In order to meet the physical needs of students, our school also offered free lunch to all students. In order to fully educate the whole child, Columbia Elementary School offers a full-time Physical Education Teacher, a full-time Music teacher, choral and instrumental music, electives classes for 6th - 8th grade students, after school art, drama, Student Council, and a student-led yearbook class, Furthermore, the school has purchased licensing for programs to reinforce and extend core learning for students. These programs have included, but are not limited to: Accelerated Reader, MAPS assessments, Read Naturally, Spelling City, Freckle, Reflex Math, and Teachers-Pay-Teachers.

It is a priority for Columbia Elementary Staff that we work collaboratively each day to ensure every student grows-academically, socially, and emotionally. Throughout the 2021-2022 school year, the school offered programming, curricula, and staffing that reinforces our mission and our goals.

## 2020-21 Teacher and Administrative Salaries

## Professional Development

The district has committed to one early release day per week, beginning in the 2019-2020 school year in order to provide professional development for Columbia staff. Professional development has been provided with an emphasis on Common Core State Standards, Universal Design for Learning, Conscious Discipline, and Better Lesson teacher Coaching. The Tuolumne County Superintendent of Schools Office provides professional development opportunities for Tuolumne County Superintendent of Schools Office throughout each year. Trainings cover topics such as Grade Alike, STEM Tracks, Language Arts and Math Curriculum Frameworks, and Next Generation Science Standards Implementation trainings. Every Friday of 2020-2021 school year was designated as an early release day. One early release day per month was dedicated to professional development, one for staff meetings for site topics such as inclusive practices, behavior support, implementing technology in the classroom, and self-selected topics on our Professional Development matrix, and two early release days per month were dedicated to grade level team development and curriculum meetings.

In addition, a team of teachers and administrators were engaged in training to support the implementation of Universal Design for Learning.
