Hello Parents,

We hope this letter finds you and your family well. We have an update about our schedule as well as links to a survey to inform our Local Control Accountability Plan (LCAP) for next school year.

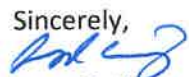

We have asked Public Health to schedule vaccination clinics on Fridays. Unfortunately, they do not have the staff availability to administer the vaccines on a Friday. As a result, over half of the CUSD staff is scheduled to receive the second dose of the COVID vaccine on Tuesday, March 2. Many people have reported significant side effects for the second vaccine dose. Substitute employees will also receive the second dose on this same day, limiting the availability of sub employees. As a result, the CUSD Board approved a **distance learning day** for **March 3, 2021**. Your child's teacher will be in touch with you regarding the schedule for this day.

Because of inclement weather and the PG&E power shut offs this year, we have used both of our emergency closure days. This means our last day of school for students for 2020-2021 will be **Friday, June 4, 2021**.

As a part of our planning process for next school year, we would like to ask that you complete a survey found at this link: <https://forms.gle/ztngiubN8mVafxg8>. The survey responses are anonymous. They will help the administration focus the school planning for next year around the student and family needs expressed. Please complete this survey before February 26, 2021. Thank you for your time and consideration on this important survey.

Also, we have availability for yard duty positions to supervise students during lunch. If you are interested in applying, please visit <https://www.edjoin.org/Home/DistrictJobPosting/1325110> or contact the district office at 532-0202.

Please feel free to reach out to us if you have any questions. Thank you for your continued support as we move forward.

Sincerely,

Joe Aldridge
